

YOUNG MAN MAY DIE FROM INJURIES

**Auto Truck Goes Over Bank
Near Boonesboro and Three
Badly Hurt.**

As a result of a wheel breaking on a car in which he was riding toward Boonesboro, Earl Henderson is at the point of death in the St. Joseph's hospital, at Lexington, with a fractured skull. Manford Burgin, son of Eugene Burgin, of this city, was badly cut and shaken up and C. C. Early, of Berea, was also badly hurt, but not seriously.

The accident occurred near the Hayden curve on the Winchester and Boonesboro pike late Monday afternoon. The men who were in a light truck, swerved over the edge of the road to avoid a heavy touring car, and in so doing, one of their wheels went into the ditch. The wheel broke, and the car was thrown over the embankment and over a rock fence. Young Henderson, who is just 22 years of age, was picked up unconscious and for a time it was thought that he was dead. He was taken to Lexington. Dr. D. J. Williams dressed the injuries of the other men here.

The vote was 9 to 7, the committee dividing on party lines. Exceptions were made, however, which include the reparations commission and such others as are to be appointed by the League of Nations. The change would affect about a score of commissions and change the language in about 50 places.

MADISON DEMOCRATS HAVE 66 DELEGATES

**County Convention To Be Held
Saturday To Send Representatives
To Louisville**

Madison county Democrats are entitled and will send 66 delegates to the Democratic State Convention which will be held in Louisville at noon Thursday, September 4th. Below is found Chairman R. B. Terrill's official call for the county convention, which will be held at the courthouse in Richmond, Saturday, the 30th day of August at which these 66 delegates will be chosen.

The county convention will meet promptly at 2 o'clock and will be called to order by Mr. Terrill, in his official capacity as chairman of the Democratic committee of Madison county. Each county in Kentucky is entitled to one delegate to the state convention for each 50 votes or a fraction thereof cast for Woodrow Wilson at the last presidential election in 1916. As old Madison cast 3,295 for Wilson on that memorable occasion, she is thus entitled to 66 votes. Such basis of representation will make the state convention a largely attended one, and an old-fashioned Democratic love feast is expected to be the outcome. The official for the county convention here next Saturday afternoon is as follows:

Notice To The Democrats
The Democrats of Madison county are called to meet in convention at the Court House in Richmond on Saturday August 30th, 1919, at one o'clock P. M. for the purpose of selecting delegates to represent the Democrats of this county at the Convention to meet in Louisville September 4th, 1919, at which time a platform will be declared and adopted upon which our nominees at the recent primary will go before the voters of the state in November. All Democrats are urged to attend this Convention, August 30th.

In a suit brought by the Lancaster Elevator and Flour Mill Company against E. C. A jury gave judgment for the City Transfer Company composed of Louis W. Hardin and W. W. Broadbuss, in a suit for \$100 damages brought against them by C. B. Watson, growing out of a collision between a truck owned by the company and driven by a Vandever boy, and a car driven by Mr. Watson. The accident occurred in front of a store at Red House a few weeks ago. The Vandever boy testified that he was following another truck and that Watson's car swerved around the other truck, running fast, and scraped the truck, and that Watson's car was coming so fast he did not have time to pull over out of the middle of the road.

BOLSHEVIKI TRAIL

**Is Found In Efforts To Stir Up
Race Feeling In America**

(By Associated Press)
Washington, Aug. 26—The Russian soviet interests are apparently supplying funds for propaganda to stir up race antagonism in the United States, according to information now in the hands of the Department of Justice agents. Officials said today the charge of organized propaganda made in the House yesterday by Representative Jones, democrat, of South Carolina, seemed well founded. Newspapers, they say, are springing up over the country to spread the propaganda and sow discord among the negroes. Agents of the Department of Justice investigating the facts thus far developed lead officials to believe that I. W. W. and soviet influences are at the bottom of the recent riots in Washington and Chicago.

WILSON REFUSES STRIKERS' DEMANDS

**Tells Shopmen To Wait Till Conditions Are Normal Before
Asking Higher Wages**

(By Associated Press)
Washington, August 26—President Wilson, having laid down in his decision yesterday in the demand of the railroad shopmen for increased wages, the policy that settlement of such demands must await restoration of normal economic conditions, interest centered today on what response the men would make to the President's appeal that they cooperate in maintaining a "truce" in wage matters. The indication of what course the men will pursue is expected today in an announcement from their representatives here.

The Committee of 100 representing the shopmen, was in session all morning behind closed doors, considering the decision of President Wilson and Director Hines on their wage demands. The members declined to say what the consensus of opinion was.

Postponement of the settlement of wage demands until normal economic conditions are restored was announced by President Wilson as the policy which the administration will pursue in dealing with such questions, particularly those affecting railroad workers.

The President announced also that it was neither wise nor feasible at this time, when the most important question before the country is a return to a normal price level, to attempt to increase freight rates to provide funds for higher wages.

Mr. Wilson's statement was issued in connection with the decision of himself and Director Hines on demands by railroad shopmen for a 25 per cent advance in wages, but the general policy pronounced covers also the wage demands of other hundreds of thousands of railroad workers, which are pending before the Director General or about to be presented.

The decision of the President and the Director General was announced to a committee of one hundred, representing the shopmen. In reply to their demands for a 25 per cent increase, the shopmen were asked to accept an adjustment of their pay to the basis of ten hours pay for eight hours work which they contended was given other employees and denied them when the Adamson law became effective.

This means an advance of the basic pay from 68 cents to 72 cents an hour whereas an increase of 17 cents to 85 cents an hour was demanded.

GO TO MORGAN'S MEN ANNUAL GATHERING

Col. N. B. Deatherage headed a delegation from Madison county to Olympia Springs to attend the annual reunion of Morgan's Men at this beautiful resort up in Bath county. With him went Mrs. Deatherage, Dave Biggerstaff and Miss Miriam Noland.

Captain Steve G. Sharp, formerly United States Marshal, who was elected president for life at the meeting last year as the successor of the beloved General Basil W. Duke, will preside. Horace M. Taylor, of Carlisle, who is secretary and who was elected to that position for life also last year, will have charge of the records. Many friends of the former cavalry raiders, Confederate women and others, will be attendance to pay them honor and altogether a pleasant vacation for all of them is expected.

The hotel at the springs is within a few miles of the site of the camp in the woods during the raid of Colonel Cluke's regiment through Central and Eastern Kentucky in 1863, which always figures in the annual "camp fire," when each veteran has an opportunity to speak of past or present. Personal reminiscences of the gallant Southern cavalry leader and detailed accounts of Civil War incidents never published will have their places in the "story swapping," which the members hold to be one of the most enjoyable features of their reunions.
